LIVESTOCK RISK PROTECTION

LAMB

LRP-Lamb is a federally-reinsured livestock product that provides protection against the decline in lamb prices, as published by the Agricultural Marketing Service (AMS), over the selected insurance period. Producers may select from a variety of coverage levels and insurance periods to match the time the lamb would normally be marketed. This insurance may be purchased throughout the year. Premium rates, coverage prices, and actual ending values are posted online on Monday of each week. The RMA monitors capacity levels, and when the funding limit has been reached, sales for this product will cease. LRP does not insure against death, loss or poor performance. At the end of the insurance period, if the actual ending value is below the coverage price, an indemnity will be paid for the difference.

Availability

Ownership of insured lamb must be certified by the producer and may be subject to inspection and verification by Hudson Insurance Company.

Insurable Livestock

Producers can insure up to 2,000 head per SCE with a limit of 28,000 head per crop year.

Producers can insure lamb expected to market between 0.5 and 1.5 cwt target weight.

PREMIUM SUBSIDY

Varies by endorsement length

13 Weeks - 20%

26 Weeks - 35%

39 weeks - 38%

COVERAGE PRICES

Between 80% and 95% of the expected ending value

INSURANCE PERIODS

Length available per SCE (in weeks)

13, 26, 39

COVERAGE

May be purchased after the price guarantee is posted to the RMA site on Mondays until 7:00 p.m. that evening. If Monday is a Federal holiday, then sales will be the following day (Tuesday). Insurance coverage starts the day you buy an SCE and RMA approves the purchase.

SALES PERIOD

While an application can be completed at any time, insurance does not attach until a SCE is purchased and approved by the RMA. Multiple endorsements may be purchased using a single application. Premium must be paid in full at the time the SCE is signed and submitted.
