

LIVESTOCK GROSS MARGIN

SWINE

Livestock Gross Margin (LGM) - Swine is a federally-reinsured livestock product that provides protection against the loss of gross margin (market value of hogs less feed costs). The LGM insurance policy uses adjusted futures prices to determine the expected gross margin and the actual gross margin. LGM does not insure against death, loss, or any other loss or damage to the producer's hogs. LGM - Swine is a bundled option that covers both the cost of hogs and the cost of feed. This effectively insures the producer gross margin (difference between the gross margin guarantee and the actual gross margin at the end of the 6-month insurance period).

Availability

Available for farrow to finish, segregated early weaned or finishing operations. Ownership of insured hogs must be certified by the producer and may be subject to inspection and verification by Hudson Insurance Company.

New for RY 2020

RMA removed the Annual Head Limit of 15,000 per insurance period and 30,000 annually.

Probable Loss

A Notice of Probable Loss will be sent to the insured if the Actual Gross Margin is less than the Gross Margin Guarantee. The insured must submit a marketing report and sales receipts, showing evidence of actual marketings, within 15 days of receipt of the Notice of Probable Loss.

Loss payments will be prorated if the actual marketings fall below 75% of the expected targeted marketings. The price at which you actually sell the hogs does not affect the loss payment.

DEDUCTIBLE

\$2 to \$20 per head in increments of \$2

INSURANCE PERIODS

12 overlapping periods per calendar year each with a rolling 6-month insurance cycle

COVERAGE

Insurance coverage begins on the first day of the second calendar month following the month of the sales closing date.

SALES PERIOD

The sales period begins on the last business Friday of the month after the price guarantee is posted to the RMA site and before 8:00 p.m. CT the following day.

If expected gross margins are not available on the RMA website, LGM - Swine will not be offered for sale that insurance period.

ELIGIBLE OPERATION TYPES

Farrow to Finish - covers all aspects of breeding, farrowing and feeding pigs until slaughter.

Feeder Pig Finishing - specializes in feeding pigs from about 50 pounds until slaughter.

Segregated Early Weaning (SEW) Finishing - specializes in feeding pigs from 12 to 21 days of age until slaughter.
