LIVESTOCK RISK PROTECTION

WHAT TO EXPECT IN A LOSS SITUATION

After RMA releases the actual ending values after the end date of the endorsement period, the Hudson Crop Claims Team will verify coverage prices and compare to actual ending values. If the actual ending value is less than the coverage price, an indemnity is due.

SUPPORTING DOCUMENTS

Documents deemed sufficient to support verification of ownership include, but are not limited to: bills of sale from prior owners; financing and credit documents secured by the insured livestock or livestock product; written statements from third parties, such as feed suppliers or veterinarians who have visited the farm or ranch, who visually identified the livestock listed on the Specific Coverage Endorsement and can attest to your ownership of the identified livestock; or bills of sale for the covered livestock or product.

IMPORTANT

- To receive an indemnity, the producer must submit a claim to Hudson Crop on the Hudson Crop form within 60 days following the end date.
- The indemnity payment shall be made within 60 days following receipt by Hudson of the properly completed and signed claim form.
- If the end date is on a Saturday, Sunday or federal holiday, or, if for any reason the relevant report is not available for that day or any other day of the ending period, then the actual ending value will be based on the most recent reports made prior to that date.
